PRESSRELEASE
AMBIENTE Frankfurt 2012

PlastexDesign make humorous products. The delight, joy and joyfulness will inspire everybody every day.

Famous Finnish designers have brought to you a whole line of products for your home and garden. Innovative and beautiful objects to decorate your home with. Catch the point of design. Welcome to the family of Plastex designers.

Designer Stefan Lindfors designed the Plup. It is a revolutionary bottle, that won't fall over and you can pile it. A donut shape 12 cm diameter bottle holds the surprising amount of 0,4 liters / 14 fluid ounces which is a pint of beer. **Refill, reuse and recycle.**

Tableware set called Tomoto is Samuli Naamanka's latest development in serving food and enjoying with friends. Tomoto bowls and multifunctional lids are made of biodegradable and non-oil based renewable material. **Cool, simple and chic.**

Trendy and multifunctional Q seat lamp by Vilja-Valpuri Laxenius is the solution for dark and tiny entrance halls, modern living rooms, cosy bed rooms, etc. to create light and funny atmosphere in a new way.

Find us at Ambiente in Hall 11.1. F 11. Welcome!
